- Frontend Technologies: Angular, JavaScript, jQuery, HTML, CSS
- Backend Technologies: Spring Boot
- Database Management: PostgreSQL
- Web Services: RESTful API

Soft Skills: Communication, Teamwork, Problem-solving, Adaptability, Time Management, Continuous Learning

EXPERIENCE

Web Developer

August 2023 - Present

Akiko Sherman Infotech Pvt Ltd, Chennai

- Led development for NIC Tamilnilam project using Angular, Spring Boot, and microservices architecture.
- Collaborated on implementing responsive design principles and cross-platform compatibility.
- Developed and implemented RESTful APIs to facilitate seamless communication between frontend and backend systems.
- Managed and maintained PostgreSQL database to ensure data integrity and optimal performance.
- Participated in client meetings to gather requirements and provide project updates.
- Conducted code reviews to ensure code quality and adherence to coding standards.
- Resolved technical issues and provided technical support to project stakeholders.

Web Developer

March 2022 - August 2023

SISL Infotech Pvt Ltd, Chennai

- Developed web applications for the Tamilnilam project using Java, HTML, JavaScript, and jQuery.
- Assisted in PostgreSQL database management and contributed to the implementation of RESTful APIs to enhance frontend functionalities.
- Collaborated with team to identify and resolve bugs, ensuring smooth user experience.
- Prepared technical documentation and user manuals for developed applications.
- Participated in client meetings to gather project requirements and provide status updates.
- Provided training to new team members on project architecture and coding standards.

PROJECTS

Tamilnilam Land Records Web Application

March 2022 - Present

- Led development of Tamilnilam web application for easy access to land records within the Tamilnilam domain.
- Initiated the project using Java, JavaScript, jQuery, HTML, and CSS for the frontend, ensuring initial usability and functionality.
- Transitioned to Angular to enhance the frontend capabilities, offering users a more intuitive and responsive experience.
- Implemented backend services using Spring Boot and managed data with PostgreSQL database.
- Utilized RESTful APIs for seamless data interaction, enhancing transparency and accessibility in land record management.

EXTRA-CURRICULAR ACTIVITIES

- Created personal Portfolio balachandarb.netlify.app.
- Diploma in Computer Applications (DCA) with Distinction.
- Lions Blood Bank Volunteer; Donated Blood.
- Participated in Marathon for Environment Awareness.

LEADERSHIP

- Team Leader in National Service Scheme (NSS) Special Camp for Healthy Youth for Healthy India, organized by Anna University.
- Served as a mentor for junior developers in the workplace.
